

Poland, October 2nd, 2014

Dear Reader!

My name is Kamila Steremińska and I am an English teacher from Poland. I work at the Lower Secondary School in Męcinka. There are over 300 students in our school. My students are really cheerful and hard-working.

We prepared letters for you to show you our world, the world of the 21st century.

In the time capsule you can also find the gadgets we decided to leave you so that you could learn more about the people from our times.

I hope there is peace around the world.

Nowadays, unfortunately, there are many terrible wars and conflicts. Innocent people and children die...

Here, in Poland, we are scared of the conflict on Ukraine, but we hope there won't be any terrible consequences...

Hugs and kisses from the Past.

K. 11
