# What are the main Slytherin characteristics?

Before we can talk about how our school is similar to Slytherin we have to know it's characteristics. So what are the characteristics of this house?

Members of Slytherin are best known for their: ambition, tradition, leadership, resourcefulness and self-preservation

- **Ambition-** strong desire to do or achieve something
- **Tradition-** transmission of beliefs and customs from generation to generation
- **Leadership-** the action and ability to lead a group of people
- **Resourcefulness-** to find quick and clever ways to overcome problems
- **Self-preservation-** the ability to protect oneself from harm

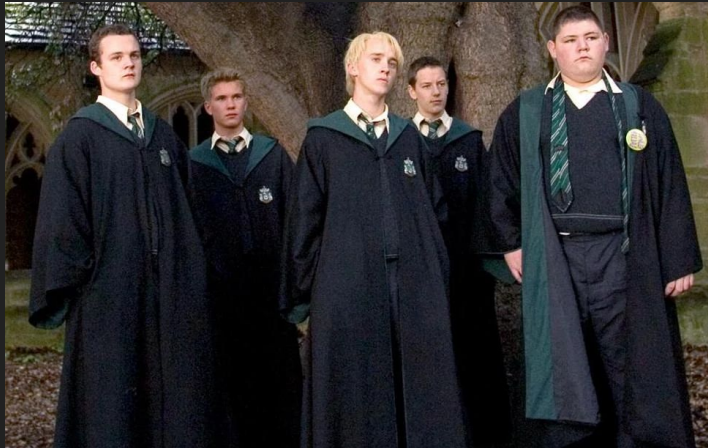

# What Slytherin traits can be found among teachers?

- **Leadership** - they lead conversation in class. The professors point us toward important information we need to learn and remember.
- **Resourcefulness** - they find the best way to pass knowledge onto us so that we can understand it better.
- **Ambition** - the professors try to bring the material as close as possible to us and make it more interesting. They also convey ambition (desire for success) to us (students).

# What about our students?

- The students of Savremena gimnazija display Slytherin characteristics every day.
- Our students show their **ambition** with their hard work, dedication, and motivation to do their very best in school. They value the importance of **tradition** by proudly wearing their colorful uniforms to school each day, just like the members of Slytherin wear theirs. We show our **resourcefulness** by finding quick solutions to every task we are given.

# And finally, are there any characteristics of our house in school activities?

Every year, all students in each grade are competing for the trophy for the most athletic class. This event displays each class's **teamwork, resourcefulness and leadership** skills. This competition consists of many versatile activities that require wit, cooperation and coordination. The sheer determination and **ambition** are what make this competition enjoyable and worthwhile.

# In conclusion...

But we're like our symbol, the snake;  
Sleek, powerful and frequently  
misunderstood.

- Although this house is represented as the villain in the movies and also books, students of Slytherin aren't bad at all. They are more self-centered and want what's best for their house and it's reputation.
- Our house is a great example of stereotypes, people should not be defined by their "house"

BUT WE'RE NOT BAD PEOPLE.  
WE'RE LIKE OUR EMBLEM, THE  
SNAKE: SLEEK, POWERFUL, AND  
FREQUENTLY MISUNDERSTOOD.

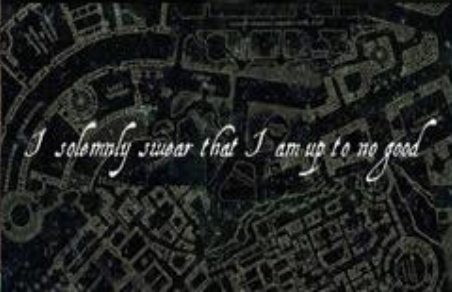

**Thank you for your time!**

GREAT AMBITION
