

Dear Partners,

we are the pupils of the third grade of Como Rebbio Primary School.

We live in Como. Como is a town in northern Italy.

We like this project and we love having a lot of new friends.

We love your wishing cards and your trees of wishes.

We and our teacher Monica Frigerio enjoy working with you.

We wish you could live with your family.

We wish you happiness, health, love, friendship.

We wish we could meet and play together.

We wish Earth was less polluted and more peaceful thanks to children like us.

We wish you a great New Year 2020.

Many wishes, dear Friends!
