

# My Wishes

I wish the New Year brought us much happiness, luck, smiles, warmth and light.

Let it be full of bright corols, pleasant experiences and joyous events. I wish everyone in the New Year to be healthy,

beautiful, loved and successful! I wish everyone's dreams come true. I want all children to be happy and live in families.

I'd like to visit all countries in the world and make friends.  
From Yana
