

Dear partners,  
We're the students of the fourth  
grade of Kadir Has Primary School.  
We live in Istanbul, Turkey. We and our  
teacher H. Kamuran Özçelik enjoy working with  
you in this project. We love having a lot of new  
friends. We wrote our wishes one by one;

If all people remain as children,  
this world would be as clean as our  
dreams.  
I wish this year bring happiness  
and peace to our world.

We wish every child could live with their  
families.

As children of the world we need fresh air.

I wish you all a healthy  
life. - I wish happiness

I want the World's children live in peace

I wish a happy new year, Good luck

I wish all dreams come true.

I wish children love nature

All children get successful in their  
classes. No war in the world.

I wish the end of wars in the  
world. I wish world's love.

I wish children all over the world  
would play plenty. Organ donation.

I wish you love animals.

I wish all the best.

We hope you'll like it
