

Dear Joining Partners!

My name is Oskar. I study at primary school No: 1 by Henryk Sienkiewicz in Maków Podhalański. I am in the eighth grade and I am fourteen years old.

My city is very pretty. We have various clothing stores and supermarkets here. This is a very luxurious cafe, there is also a pizzeria on the market and an ice cream parlor. About 6,000 people live in Maków. We have two outdoor gyms a skate park, parkour and a sports stadium. We also have a horse riding school in Makowska Mountain. When the weather is nice, you can see the Babia Mountain and the Tatra Mountains from Makowska Mountain the beautiful SKAWA River flows through Maków. Every year there is a Week of Beskidy Culture and Maków Days on holidays. We also have a community center where various activities take place: photographic, dancing, gymnastics, art and music. We have an ice rink in winter.

On the occasion of the upcoming Christmas and New Year 2020. I wish you a lot of health, best grades at school. Sun joy and smile every day.

Oskar
