

Dear twinning friends,

I want to start by telling you that it is my great pleasure to send you this letter on the occasion of my favorite holiday, Christmas.

For me, Christmas is the holiday where families get together and people are thrilled to hear the carols song.

This holiday has a very important significance for Christians because Christmas was born Jesus Christ, for us, people, showing us how much he love us.

For Christmas, there are different traditions and customs, for example in our area people go from house to house to dance "goat", a dance specific to our country and area. Starting from the Christmas evening, they decorate the fir tree and in the morning they start going to the church, where a specific Christmas service is held, in honor of Jesus Christ.

In our area, an animal is sacrificed, namely the pig, in order to prepare various traditional dishes.

I would be curious how you celebrate Christmas and what traditions exist in your area.

Merry Christmas!

With love, Drug Ana Maria,
from the "George Calinescu"
Secondary School.

Dear Twinning friends,

I want to wish you Merry Christmas!
My name is Simina and I am from
Romania. Because Christmas is coming I
thought it would be a great idea to
send this letter. So...

Our Christmas is a little bit different.
We have some specific traditions: we go
with the goat (it isn't a real goat is
just a man dressed in a goat who
dance and his friends sing).

Probably both of nations have the CHRISTMAS
TREE. This year I decided to adorn the
CHRISTMAS TREE in red and silver and with
lights, evident.

I love to eat orange cake and...

You can try it. I love to drink hot
chocolate with marshmallows while I'm watching
how it snows.

It's delicious.

We borrowed some traditions from you.
My mom always makes calabog in
winter (in Christmas)

I hope you have a wonderful Christmas.

With love from
Romania,
Simina
