

Dear children,

we wish you have a Merry Christmas, good health and be well.

We would love it if you made us surprises! We wish there is snow in your hometown, you decorate your trees of wishes and play with other kids. May you have good parents! We wish you have water to drink and food to eat! We wish you have fun and do well at school. If only we could meet you one day!

With love,

the students of the 3rd Grade, Primary School of Vari-Manna, Syros-Greece
