

# MY SCHOOL

Anja Jakovska OOU "Vlado  
Tasevski" - Skopje

# GENERAL INFORMATION

“Vlado Tasevski” Primary school is a school in Skopje, Macedonia. It is located in the settlement of Kozle, in the municipality of Karposh

Education takes place in two shifts for about 1,000 students from the age of 6 to 14, divided in 37 classes. The school employs about 70 teachers and other staff.

The education is in Macedonian.

The patron holiday of the school 21<sup>st</sup> March.

# SHORT HISTORY

In September 1957, OOU “Vlado Tasevski” is formed from the school OU “29<sup>th</sup> November”, in the former municipality of Idadija.

After the catastrophic earthquake in July 1963, the school gets a new building as a gift from the English Government.

In honor of 13<sup>th</sup> November, the day of the liberation of Skopje, the school gets a new school building, which is still used.

# WHO WAS VLADO TASEVSKI?

In World War 1, on 21<sup>st</sup> March 1916, Vlado Tasevski was born in a poor family, in the town under Markovi Kuli. In 1931 he finished elementary school with excellent success and started to work in Prilep. In 1936, Vlado started to work as a locksmith in Skopje. On March 27, 1941, he led the railways in a demonstration against the triple pact and the treacherous Yugoslav government. The same year Vlado was admitted as a member of the CPY for Skopje. In early August 1943, Vlado came in the Shar partisan detachment.

On 11<sup>th</sup> December 1943 in village Drenok, died Vlado Tasevski.

# E – SAFETY LABEL

The school “Vlado Tasevski” has an E-SAFETY LABEL – a mark for e safety by the European Schoolnet. The mark recognizes the school as a place that takes care of the e-network and safe use of educational technology.

# ACTIVITIES IN MY SCHOOL

In my school, activities are held daily. There are many projects, there are many competitions and there are many awards in maths, science (biology, chemistry, physics), languages, sports etc.

There are many activities in the school for developing ecological consciousness.

Within the project Climate Changes and Environment, multiple students took place in different activities, and successfully finished their work tasks.
