

LESSON PLAN

Form: 8th form

Subject: Lithuanian

Teacher: Vilhelmina Paniuškienė

Topic of the lesson: Creation of Christmas greeting

Methods: brainstorming, heuristic conversation, individual conversation, diary writing.

Process of the lesson: teaching and learning activities

This is the second lesson on this topic, during the first lesson students created postcards as well as looked for texts called Evening Reading which will be sent to relatives together with the Christmas greeting. At the beginning of the lesson the requirements for creation of the greeting are revised. Next step is individual work. Teacher's individual consultation if students need one. Reflection of the lesson (students write about their success and emotions into the diary).
