

LESSON PLAN

Form: 4b

Subject : Homeroom class

Teacher: Suzana Plevnik

Topic of the lesson: The Declaration of Teamwork

Objectives of the lesson: To understand the meaning and importance of team work, good communication and togetherness.

List of required material: Paper puzzle (geometric shapes)

Process of the lesson - teaching and learning activities:

Introduction – Dividing children into five groups and motivating them to put the pieces of the puzzle together to make geometric shapes without using verbal communication. Doing it as a competition among groups.

Main part – Discussing the importance of good communication and problems which might appear if there is lack of it. Stressing the value of coordination and cooperation. Giving a good example of it in a form of a heroic act of the boy called Ljuban from the story Train in the snow which we have learned about in the Croatian literature class. Creating the Declaration of Teamwork in which students, with the help of their teacher, write their own rules concerning teamwork.

Conclusion – Signing the Declaration of Teamwork by all class pupils and displaying it on a visible place in the classroom.
