

## LESSON PLAN

**Form:** 5th form

**Subject:** Ethics

**Teacher:** Algina Plūkienė

**Topic of the lesson:** Virtues and vices.

**Methods:** brainstorming, heuristic conversation, individual conversation.

**Process of the lesson: teaching and learning activities**

Students find out what are virtues and vices and describe them in the Antiquity and the Christianity. They perform a story about Prometheus so that they could understand why people see alien vices but not their own. After watching video material they explain how to develop positive character features and avoid vices.
