

Improving internationalisation policy during the IMPACT-project

1. Fill in internationalisation scale
2. Assess your level
3. Set up a plan to improve the level of internationalisation in your school
4. Use the PDCA format
5. Think short and long term

Plan:

Short term:

- to involve pupils's parents by organizing events;
- to stimulate students' curiosity about other cultures and languages
- to organize workgroup about internationalisation both for teachers and for students.

Long term:

- to make students conscious of the importance of integration and coexistence with the cultures of different countries as way to enrich themselves through diversity;
- to work together with educational or other civil society organisation to promote internationalisation.

Do:

Short term:

- students will exchange information of their own culture with their mates coming from different countries (in some classes of the school there are stranger students come from South Africa)
- to offer lesson word orientation in a different language (for example CLIL lessons)

Long term:

- to promote international communication (through letters, e-mails or apps, or also virtual exchange;
- to promote exchange with European partners;
- to spend attention to different cultures and to the phenomena of migration, that gets an important place in our country and school.
