My City, My Life

eTwinning Project 2019

Gimnazială Corneliu Micloși
,Covăsânț, Romania

Zespół Szkół w Lubczy, Poland
Yunus Emre Secondary School,
Ayancik, Turkey

Primary School Bol, Split, Croatia

Our Project

The project aims to encourage students to develop their foreign language skills by using their experiences, knowledge and imagination.

Students aged between 10-14 will construct self-confidence through various activities, develop their social skills and discover different aspects of cultures.

Furthermore, interacting with students from different countries and meeting their culture will help students to feel like global citizens.

Everyone can be artistic. Help your kids explore their creativity!

Curriculum

AIMS

- *improve language skills
- *promote active collaborative learning
- *support creativity and originality
- *to communicate effectively in real-life situation
- *to develop interest and appreciation of cultures
- *enhance self-confidence through the experiences
- *develop social skills.

ACTIVITIES

- Traditional food
- Visiting a place in your city
- A Traditional day
- Important figures of your city
- Traditional dance of your city/country
- Beauties of your city
- A Funny day
- (taking photos, fishing, going to picnic)

RESULTS

TwinSpace will be created and photos, videos, presentations can be seen here. Process and results of the project will be published on school's website. Students will have an opportunity to use English for study purpose across curriculum and communicate in real life situation. They will imbibe moral, national and cultural values through various activities. The project will allow them to support each other, share more experiences..
