Bulgaria

Poland Love

Population- about 38 million people.

Warsaw is the capital

National dishes:
 -The most popular traditional dish in Poland is Bigos- a stew made from sour and fresh greens, different types of meat, sausages, prunes, mushrooms, onions and spices. The stew is cooked for several days and served with potatoes and bread.
 -pierogi are filled dumplings made by wrapping unleavened dough around a savoury or sweet filling and cooking in boiling water. They are often then pan-fried before serving.

The national flag is: white and red

Cześć- Hello, Thanks- Dzięk, Goodbye-Do widzenia

b)When turned upside down, the Polish flag resembles the flag of Indonesia and Monaco.
 c) The national symbol of Poland is the white-tailed eagle.

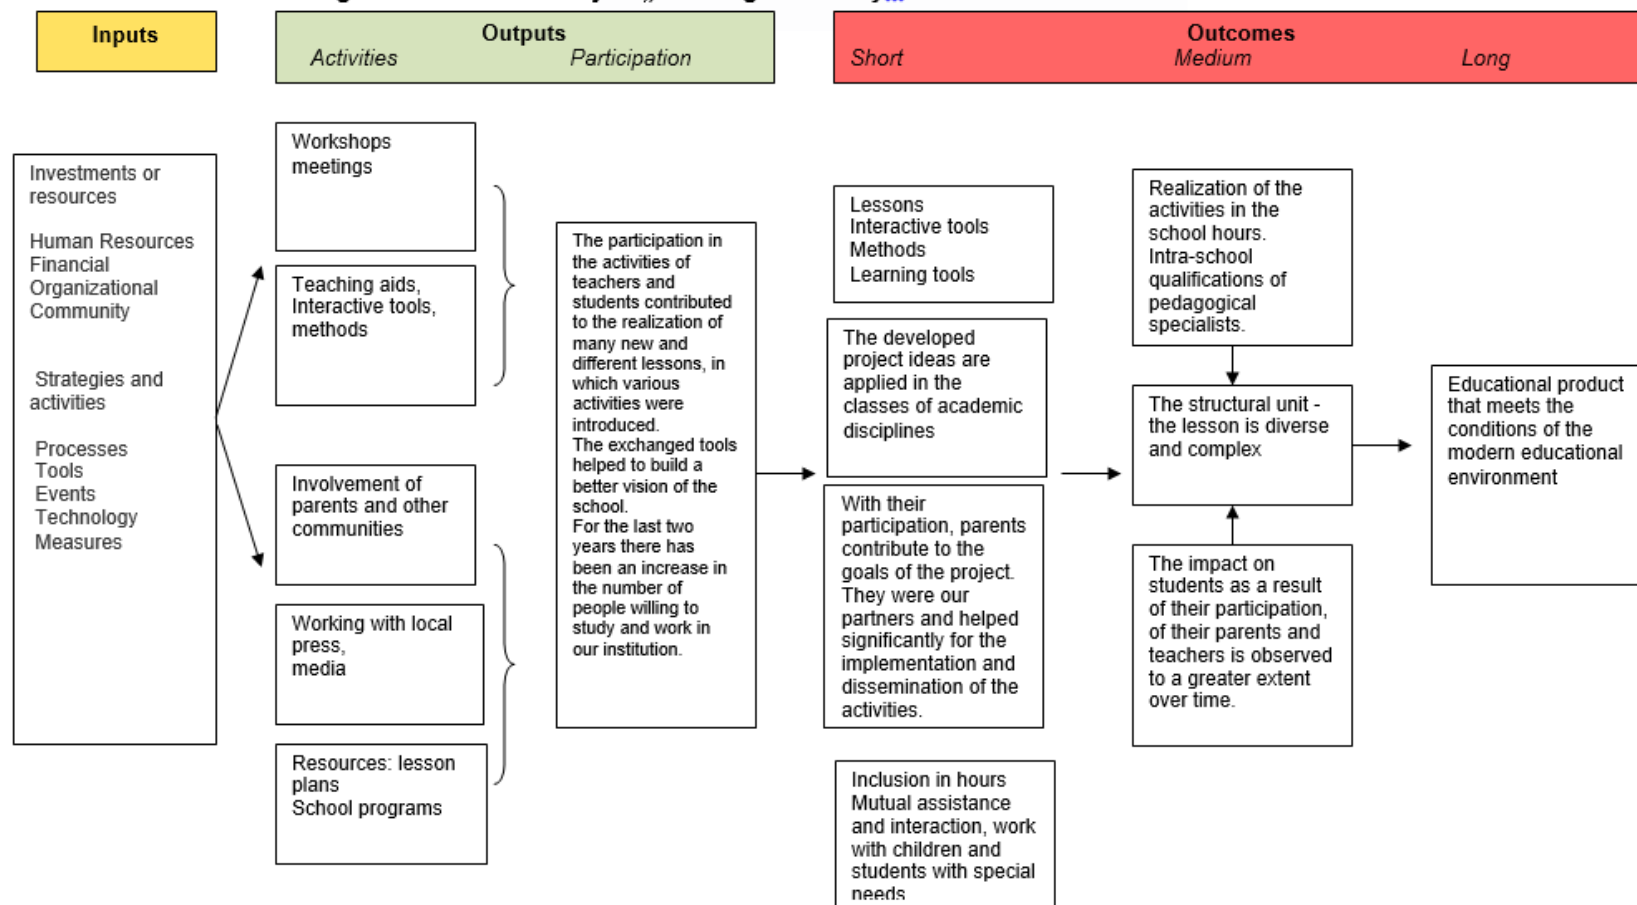

LET'S LEARN SOMETHING ABOUT POLAND!

Program: ERASMUS+ Project „Learning Differently!“ No. 2018-1-LT01-KA229-047007

The global health crisis has prevented real contact with the various curricula and methodologies in the partner schools, but has contributed to the large-scale use of the web tools exchanged.

What we learned:

We learned to be creative, to create and use new ideas, implement these ideas in our curriculum!

To be innovators and open our horizons for education quality change!

For the last three years, Second Primary School "NJ Vaptsarov" has held 6 meetings with its partners and friends from Lithuania, Romania, Poland and Croatia.

During this time, many pedagogical practices were shared and many friendships were made between both teachers and students.

Thanks to the organized work of the teams and the dedicated work of all partners, not only the goals set in the project proposal were achieved, but also upgraded.

Students and teachers thank for the amazing opportunity to be together and share their experiences, emotions, plans.

And despite the difficulties of the last year related to the global health crisis, the whole project team managed to find the best ways to continue their work and prove that the only barrier to knowledge can be reluctance.

Thanks to all our partners!
