

**Mathematical webquest  
on website of European Erasmus+ project  
... and your contributions.  
9th December 2015**

Your task is to browse through the math activities posted on the website of the European project and find new information given in videos made by students.  
**Then you will post your own contribution into a forum.**

1. go to link <https://twinspace.etwinning.net/763/home>

This is the website of the project and results reached last school year 2014-2015. It is now public and of easy access.

Find pages titled « Math- Pi number and Geometry » and « Math-Magic Tricks »

Find 7 short videos and watch them in the order from bottom to top.

Careful ! Read pages from the bottom to the top for the chronology of productions.

**Write a short description of your understanding of these activities. (5 to 10 lines)**

2. go to link <https://twinspace.etwinning.net/10894/pages/page/56401>

This is the website of the project for this school year 2015-2016 and you need there a login and a password. For example a French student has the following, (BG for Bulgarian students, IT for Italian students), no capital letters, no accent in French,

login : FR-firstname.lastname

password : firstname

Read first page « website map/contact us »

Find page « math/Decimals of Pi, » and watch the videos.

**Complete your description that was started before.**

3. Open the « forums » and then the forum called « maths: a poem to memorise decimals of pi »

**Post your complete description in this forum. Read carefully other descriptions to ensure that you are bringing some new elements too.**

**4. Write a short description of yourself, your hobbies, in your profile.**

*MERRY CHRISTMAS TO ALL,  
HAVE A NICE REST IN THESE HOLIDAYS !*
