(8 responses)

14. I had the chance to share professional experiences with other partners.

(8 responses)

15. What did you like best about this meeting? (8 responses)

presentations, meeting the other colleagues from our partner countries, dinner party at Sterames, visits at the historical and cultural attractions and tasting the real Italian pizza.

The spirit of cooperation between all the partners around Europe

Student presentations - especially the scouts activity where we were split into groups

the implication of students in the programmed activities

Our hosts' warm welcome and start an active exchange with friendly partners

I understood that we all have the same problems but on different scales and it was very interesting to share our experiences.

Fantastic welcome by Italian team - delightful and enthusiastic students. Meeting the lovely teachers from all the countries involved and the great positive working atmosphere that developed from the very start.

Our hosts' hospitality

16. What didn't you like about this meeting? (8 responses)

The accommodation should have been in the same hotel for all of us, so that we would have had a chance to mingle and exchange our ideas even more.

A little bit too little time to plan and discuss the work with each other

Nothing

Maybe I would have liked more time to enjoy Naples

I would have liked to attend one English class observing the lesson at the back of the classroom

I think that the workshops were too short, not enough time to discuss all together around a table.

I really liked everything! Maybe the students could have been given more opportunities to for questions at the end of the students presentations and more chances for them to ask questions to the visiting teachers to have even more of a dialogue.

Short time for project workshops

Not having the chance to spend more time with all the partners

17. Where are you from? (8 responses)
