

MODELO NABCH

NECESIDADES:

1. Our company covers all type of abuse realiced to a person which needs help in an urgent way and anonymously, and our workers will keep in contact with them and will try their best to solve them. Although or speciality is in cases of sexual abuse.
2. It is destined to every kind of consumers, although they must be having any trouble.
3. It is specially designed for those users that are affraid of calling the police, or making a demand, as if the abusator knows that, he could make the trouble worse.

Consejos:

- Since January to June from last year 788 cases of sexual abuse were reported, although 2 out of 10 cases of sexual abuse, are not reported.
- It is needed to solve this situation as it is affecting many people of the population.
- Our goal is to know every aspect of the situation, see where the damaes are thone or can be done to prevet them, and with the personal help of associations that fight against this kind of problem, and specially with the authorities on or side, all kind of legal things are going to be done to stop the abuses.

APROXIMACIÓN:

- Our solution to this problem is to know about the agressor and what kind of abuse has he done, if he has done something wrong previously we will give his information to the police and the will arrest them and judge them.
- What we try to give to the consumers is a webpage or application easy access, where no matter the situation you will be able to be in contact with us, it is totally anonymous and you do not have to pay, or give us any kind of identity at first, we work to solve the problem as fast as we are able to.
- The solution is given by the proper webpage or application, where the user will report the problem.
- It is a proper offer as we are making a tone of job positions,, it is free to acces and anyone can report it's problem.

Consejos:

- Our solution to the problem is to contact with the autoridades and to stop the problem immediately, our goal is that everyone that is suffering any kind of abuse, reports it but overall, is to stop general abuse.
- The relation between the user and our workers is by the website or the app, where they both will be able to speak fluently to solve the problem.
-

BENEFICIOS:

- The main benefits are the anonymity of the users, and the fast resolving system.
- It is better as the way you ask for help is reachable by everyone, and if the abusor is near you, he want notice that you are asking for help.

Consejos:

- Our system is special because everyone can report their situation whenever and wherever they are, and as we have many workers, they will not have to wait to make the report.
-
-

GANCHO:

- We want everyone to be safe wherever they are and not to be careful at every moment to the people, we want abuse to be eradicated and those who abuse, to be in jail or to be punished. The anonymity of the website, will give you the comfort that you need to talk about your problems.

COMPETENCIA:

- Nowadays, there exist other ways to communicate your problems, but we believe that not being able to write down in case of emergency to ask for help, is not a good option.
- Being able to write down which the problems are, help the users to explain the problems with more details, and also they know their identity won't be said.

Consejos:

- you mustn't pay for entry to our web or put your credit card. Because that's why the people go to other pages because they think you must pay

- our idea is a revolutionary and a new idea because we give people of low resources the possibility of overcome their traumas and don't pay a lot for a specialist

-the originality of our idea is that you can overcome your problems of the past for free because now for overcome your traumas you must pay
