Our School

- According to our Headmaster, this school is the best in the country, and we, as its students, completely agree with this idea. This is a school with a history and a tradition of sixty years, founded on 31st March, 1955.

(Our Headmaster)

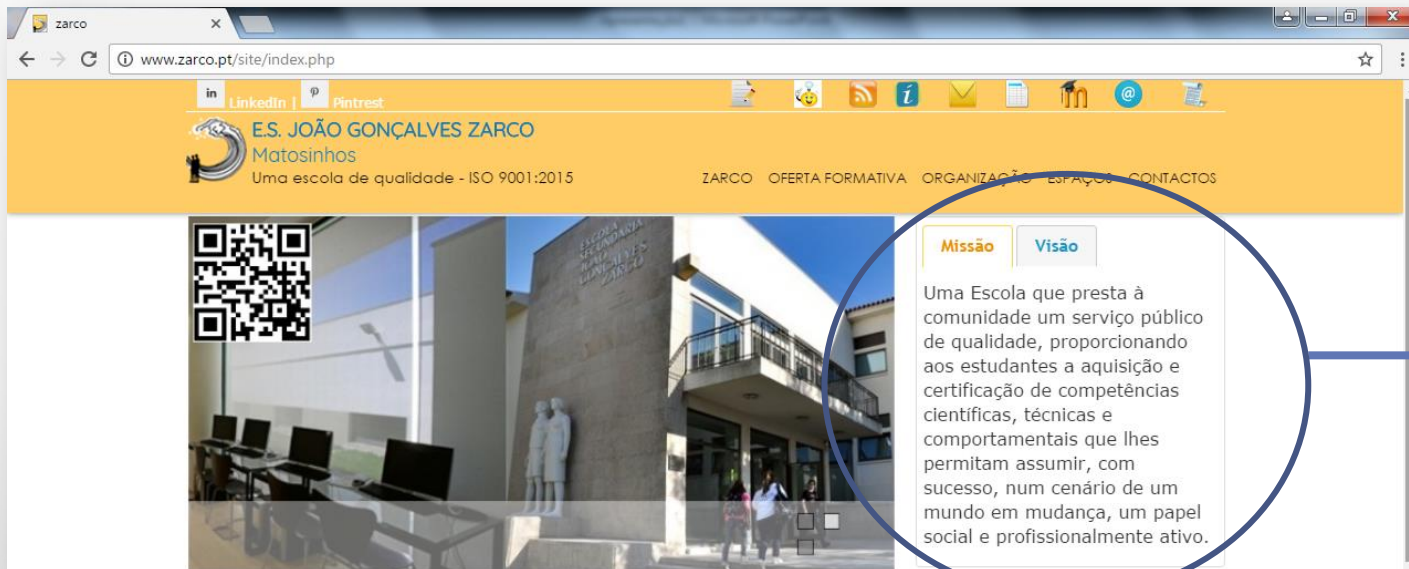

Our School

- There are 1744 students in our school distributed by evening students, foreign students, and day students. There are 140 teachers, 11 administrative assistants and 33 operational assistants.
- This school has excellent facilities that help motivate students to learn better. Everyone (teachers, administrative assistants, operational assistants, parents and students) in our school is committed to providing a good education in a warm atmosphere.

Our School

- We quote our school's mission (on the school web page):" This school provides the community with a quality public service, providing students with the acquisition and certification of scientific, technical and behavioural skills that allow them to successfully assume a socially and professionally active role in a changing world society."

Our School

- Our school has many nice classrooms, a big library with a lot of books, we have a study room where we can do the homework and study, a staff room for our teachers, we have laboratories, a big museum, a canteen and a bar, two indoor gyms and two outdoor gyms and we have a huge playground.

Our School

- We have different levels and types of teaching: middle, secondary, professional courses and vocational courses. We also have classes for adults during the evening.
- In conclusion, we feel lucky and proud to be part of this school and to contribute for the success of all projects.
