

Our class

Work done by:

Jaime Branco

André Assunção

Our class

- There are 24 students in our class: 7 girls and 17 boys. Our ages vary from 16 to 19 years old. We are in the Professional Course of Sport.
- We like our class because we are a united group most of the time and we all have the same passion: sports.

Our class

- We spend most of the day at school that's why we can be seen like a family. We always help each other in spite of some quarrels that are normal at our age.
- We usually participate and organise many sports events not only at school but also in our city, Matosinhos.

Our class

- We are responsible for the “backstage” of the sporting events done at school and we play different roles: referees, stewards, assistants, etc
- We help in the facilities maintenance and we help to advertise the sporting events with fliers, billboards, etc...
