MINUTES 20: WORK TEAM MEETING OF PROJECT
"HARRY POTTER AND THE CASE OF THE SICK EARTH"

➢ **PARTICIPANTS:** Marta Aragón, Raúl Cañamero and Tania Polo (Spain), Vivi Arvanity, María and Fotini (Greece), Sorina Pop, Peter Crina, Venera Roth-Gross, Livia Matei and Dorina Podina (Romania) Matilde Panariello, Letizia di Martino, Silveria Conte, Sorina Conte (Italy)

➢ **DATE:** 17:30 (Spanish hour) 27th january 2022. On line meeting on "Google meet"

➢ **ACTION POINTS:**

1. New dates for mobilities.
2. January activities.
3. February activities.
4. Next activity.
5. Next meeting.

1. NEW DATES FOR MOBILITIES.

Due to the COVID situation we need to change the dates for the next mobility. Finally all the member of this project agree this dates:

- Italian mobility: from 4th to 8th of April.

- Romanian mobility: from 9th to 13th of May.

- Greece mobility: from 30th of May to 3rd of June.

2. JANUARY ACTIVITIES.

The activity carried out during this month of January was the workshop on renewable energies. All countries have finished it. It had to be an online activity due to the situation we find ourselves in. Many of the schools are closed with distance classes.

In Spain, in addition to the renewable energy workshop, we have expanded the training of students on wind energy. And from it we have made a craft for the creation of pinwheels. Which will help us with the activity of the solidarity market next month.

3. FEBRUARY ACTIVITIES.

The activity for next February is the solidarity market.

- Romania has already done it (during the month of December)

- In Spain it has finally been possible to organize it to be in person. We will carry it out on Friday, February 18. Only students can go to buy. A schedule has been organized for them so that the classes are not mixed and we continue to respect the coexistence groups. In addition, it will be carried out outdoors and respecting the safety distance. We will sell the first issue of the magazine, the collaborative calendar, the pieces of wood that we decorated last year, and the pinwheels created during the January activity. The donation will be one euro and will go to the NGO ARBA del Henares, dedicated to the reforestation and care of the forests of Madrid.

- In Greece and Italy it is not possible to do it in person, so both countries will organize it online. Greece already has the catalogue ready and has chosen the NGO to which they will donate the money. They will sell different crafts created last year.

4. NEXT ACTIVITY.

Due to the latest changes in mobility dates, we find that they will all take place at the end of this school year. To facilitate the tasks of these months, the project coordinator proposes to bring forward some of the activities proposed for June: the creation of the second issue of the project magazine.

All the members accept the proposal and it is decided:

- We start creating the cover. It will be done as before, with four drawings, one from each of the participating countries. Each country will have to <u>send their drawing in digital file</u> (jpg, png) to the coordinator Tania **before March 4th**.

- We will continue writing the articles for the magazine. They have to be varied: interviews, research on caring for the environment, opinions on mobility activities, surveys on the activities they liked the most, reports on the topics worked on (climate change, use of single-use plastics, protected natural parks, renewable energies, wind energy, NGOs that care for the environment…), crossword puzzles, word searches, jokes, find the differences… (All related to the main theme of the project: caring for the environment)
<u>The articles must be sent</u> to the coordinator Tania <u>in digital format</u> **before April 28th**.

5. NEXT MEETING.

All the members agree to have the next teacher's meeting on Tuesday **22nd february**, at 5:30 in the afternoon (Spanish hour) by Google Meet.
