PROJECT 2020-1-ES01-KA229-081824 “HARRY POTTER AND THE CASE OF THE SICK EARTH”

---

## **MINUTES 2: WORK TEAM MEETING OF PROJECT “HARRY POTTER AND THE CASE OF THE SICK EARTH”**

- **PARTICIPANTS:** Tania Polo, Raúl Cañamero, Marta Aragón (Spain), Vivi Arv., Fotini (Greece), Venera Roth-Gross, Butuza Nicoleta, Dorina Podina, Sorina Pop (Romania) Letizia Di Martino, Valeria Diani, Matilde (Italy)
- **DATE:** 17:30 (Spanish hour) 1st October 2020. On line meeting on “Google meet”
- **ACTION POINTS:**
  1. Oficial papers.
  2. Activities of the month.

### **1. OFICIAL PAPERS.**

The dissemination and risks documents are ready. Whenever the impact is, the coordinator of the project will send the papers to sign by the school’s principal of each country. The order will probably be: Spain, Italy, Romania and Greece. When Greece sends back to Spain with all the signatures, it will be all prepared to send again to each country, so every member can keep it. It is mandatory to everyone to have these documents.

### **2. ACTIVITIES OF THE MONTH.**

Due to the entire COVID situation we can modify some activities if it is needed. We have decided to review all the October activities.

- **Activity 1: Project dissemination.** In some countries there are mobility and capacity restrictions at meetings. So we have to disseminate the activities through social media (Facebook, web page, online meetings with families...) It is important to remember to take some pictures or screenshots or links of the dissemination and upload in each country Twinspace and Harry Potter web page.
- **Activity 2: Creation of website (Spain)** The website is ready and send the link to everyone. All of the coordinators have access and permissions to edit the web.
- **Activity 3: Creation of the Facebook page (Italy) and Twitter (Romania).** The Facebook page is already created, it only last to prepared the permissions and send the link. It is important, when the page is ready, to invite as much people as we can to disseminate better the results of our project. Romania will prepare the Twitter soon.
- **Activity 4: Dissemination in eTwinning platform.** We need to publish in our walls all the information, like the trailer of the project, the Erasmus corner photos.... Greece has also prepared some tutorials to learn how to use better the eTwinning space.

PROJECT 2020-1-ES01-KA229-081824 “HARRY POTTER AND THE CASE OF THE SICK EARTH”

---

- Activity 5: Create an Erasmus Corner in each school. When the space is ready we need to take pictures and upload them to our web and eTwinning space. We have all the project time to prepared this space, so we can wait until we can prepared the space, because some schools can not set it now.
- Activity 6: Coordinators video conference. That’s what we are doing now.
- Activity 7: Open and read the Dumbledore letter and show students the criptex. Spain had already sent the box with the cryptex, geodes and letter. When each school have it we can start the project. The idea is that the box arrived to our school. Please hide the geodes during 2 years. Students only will see the box with the cryptex and the letter. We can read the letter and watch the trailer of the project. Then, for example, we can:
  - Talk about the disasters that we see on the planet and what they think about them.
  - Think about how can we fight to protect the Earth.
  - Divide the students into the 4 houses (if they are new in the project) and decorate the classroom.
  - Create an etwinning corner at class.
  - Show students the webpage, the Facebook page and the Twinspace.
  - Add students to the Twinspace (if you don’t know how to do it, Greece or I can help you).

Please don’t forget to take pictures and share them in the Twinspace and webpage (each country have their own space)
