

eTwinning
(IISS) E. Majorana di Brindisi and
Gustav-Heinemann-School (GHO, Berlin)

Dear students,

I hope you are all safe and well. We would still like to continue with the eTwinning project although the internship might be delayed due to the pandemic. Please fill in your names for each topic (1.-9.) in the following shared online file:

<https://docs.google.com/document/d/1CUNB0yDyKD8tt7K64H7Lm4oXzME7ocCDPnEkt7YRATo/edit?usp=sharing>

Create an explanatory video dealing with the chosen topic. The Italian students use sources in Italian regarding their topic and solutions and therefore German students use sources in German. Mediate both findings into English in order to phrase the script that can be audiovisualised as an explanatory. The empty template for creating an explanatory you will find via:

<https://docs.google.com/document/d/1e34NI4a0RO6tnfkXR18X9TEqkKEyzxu1ogmBBCwvPC4/edit?usp=sharing>

You can duplicate **1)** the file. After that you can share the online file by creating a link and enabling editing it **2)** with your group members as depicted in the following screenshot.

names: Ecological footprint mission - project
- Comparison of Italy and Germany -

Objective: Comparing Italy and Germany in regard to their political, scientific and entrepreneurial strategies for dealing with environmental challenges.

topic: _____

Explainity - Script

useful phrases	cooperative script
topic: e.g.: "Food consumption - How do we reduce our ecological footprint by ...?"	
introduction: "Today we explain to you how our ecological footprint can be easily reduced by ..."	
facts for the explanation: First of all let's quantify how much housing/ logistics/ the means of transportation/ the urban infrastructure/ ... "How much does housing/ logistics/ the means of transportation/ the urban infrastructure/ contribute to your ecological footprint?" ...	

Please check out one explainity from our chemistry class for inspiring insights. (food consumption.mp4)
