

APRIL

In April, we had a National holiday which is called National Sovereignty and Children's Day. On April 23rd 1920, Turkish Grand National Assembly was inaugurated in Ankara. This was an important event in our history because it was the first step toward the creation of Turkish Republic.

Every year in 23rd April, we celebrate the anniversary of the establishment of Turkish Grand National Assembly. This day was dedicated to the Turkish children and whole children of the World. On this day, our students decorate the classes, sing songs, read poems and dance.
