

OCTOBER

October is an important month for our country. On 29th of October 1923, after the war of Independence and many struggles, Turkish Grand National Assembly proclaimed Turkey as Turkish Republic and elected Ataturk as the first President of this new Republic. Every year on 29th October, we celebrate this day as National Holiday. Like every year, this year, we had celebrations in our school. Our students prepared some shows and read poems during the celebrations.

This month, our teachers and students also enjoyed the mild weather and went for field excursion. The students spent time in nature and learnt by experiencing.
