04.02.2018 - Sunday

Our departure was on Sunday, we had to be in front of Bretigny's train station at 06:00 in the morning, we met our teacher, left our parents and took a taxi to the Roissy Charles de Gaulle airport.

So, we took our plane to the land where we would spend a week talking about “how to save the planet ?”

05.02.2018 - Monday

This was our first day in Italy and the first official meeting with everyone else. It was amazing! Everybody was really nice. We officially presented all our countries and ourselves. There was even the Italian press present there who took our interviews. I got the chance to represent my country and appear on the national Italian news channel. We played some games during the day and visited the school. The kids there were so cute! Then there was this workshop where we had this application on our phones called the hp reveal and we used it to play a really nice game all over Satriano di Lucania. I loved it. And then in the evening my hostess and some other students showed us around their village called Saint Angelo and it was so beautiful!

06.02.2018 - Tuesday

We met at college at 8 o'clock to talk about to talk about the program of the day. Then we went to visit the ancient tower in Satriano and to tell us the history of this city. At 12 we lunch at canteen with the student and teacher.

We did a workshop with everyone where the ancient and modern crafts meet.

And finally at 16 every student go back to families.

07.02.2018 - Wednesday

It was our 3rd day and on this day we went to Matera! We all went there by bus and it was an amazing experience. The city was absolutely stunning and so was everything else! Then we had lunch at a restaurant called the Terrace. On the way back we stopped at Castelmezzano which was the most stunning and gorgeous!

Especially when the darkness set in, all of the city looked like bright yellow stars among the mountains it was beautiful! Everything was so beautiful that I totally fell in love with it all! Especially my hostess and her family Mariangela and Rosalba! They were the best!

07.02.2018 - Thursday

In the morning we went to a forest to prepare a « tree suit » with the association « Al Parco ». After the lunch we went to a primary school in satriano to create some masks and then we participated in the parade in the streets of satriano. At the end of the parade we did the flashmob.

09.02.2018 - Friday

In the morning we planted an olive tree in front of the school. After that, we went in Sant'Angelo le fratte where we painted some pictures we took during the days before. For the lunch we ate a pasta we made before.

10.02.2018 - Saturday

It was sad but we also remembered every step and everything we've done during this trip in Italy. The trip was nice, no turbulences of any kind and we landed in France easily. We then took a taxi back to our homes and finally had the time to rest.
