AGENDA ITEMS

ITEMS	PRESENTER
Report about the 'microformation' VCF for coordinators held in Spain. T for virtual mobilities.	Tips Rubén
2. VCF Students' presentations on DIET.	Rubén
3. Creation of a project Webpage (Google Sites?), along with Twinspace, choosing a web address for the website.	Rubén
4. Dissemination: All of us should write a short article about our project of videoconferences - everyone writes differently, so the more materials we produce the easier it will be to prove our work. Send articles into our I journals to let people know about this Erasmus+ project (4500 characted with spaces) - we need to share these on Twinspace.	e local
