

### A ring to the target

This game is like a version of Disc Golf. It can be played both inside and outside. The aim of the game is to throw a ring on a cone. There are 10 cones spread out around the area. You have to start with the cone number one and continue up to the cone number ten. You can throw the ring many times to get to the cone but you can start moving to the next cone only when you have thrown the ring exactly on the previous one. Your partner counts your throws and writes them down. The winner is the one who gets the least throws.

### Stuffed Balls

The game is played in two teams. Each team stands behind the red line and can't step over it. There are 8 stuffed balls in a row on a white line between them. Team members have volley balls which they use to hit the stuffed balls so that they cross the red line of the opposite team. Children mustn't touch the stuffed balls.
