

**VOCATIONAL HIGH SCHOOL OF VETERINARY MEDICINE
„PROF. DR. GEORGI PAVLOV” DOBRICH, BULGARIA**

Junior Brothers

**Student mini-company,
Dobrich, Bulgaria**

Production

Bio Aromatics

*Dry biomass from
Red Californian worms*

Liquid biofuel

Dry biomasser

We produce a high-quality bio-humidifier with a 45-50% moisture content, odorless and impurities.

Liquid biofuel

From the Californian worm soil, we produce a liquid bioterror to enhance the growth of all kinds of plants.

Bio Aromatics

*A natural flavor that drives away
moths and other insects with a pleasant scent.*
