

COMMENTS ABOUT FAKE NEWS (Workshop in December)

I think fake news is to be banished, clickbaits for example are not a problem but fake news on sensitive topics are very dangerous. The fake news is only for cheating and scamming people (Christian S.)

I think that fake news is very dangerous for the people who don't know what is true and what is false.

At school during a debate we said that working on fake news help you to recognize the truth and be more responsible, for me it is not true because if the fake news wouldn't exist we didn't need to be aware. (Sofia Bedussi).

I think that the news published in the media must be true because the news can convey a lot and it is not a joke, in the class we discussed about this topic: it is a problem if we believe in fake news. (Martina Gneccchi)

In my opinion, it is very dangerous to write fake articles, because it makes you believe in untrue things, making you have a negative or positive view of something that is the opposite of your opinion. (Samirha Ouoni)

I think that fake news is very dangerous because people might believe and spread the wrong things.

Portuguese: não é de hoje que mentiras são divulgadas como verdade, e muitas vezes jornais bem conhecidos costumam divulgar notícias do gênero, autores que criam manchetes absurdas; qualquer tipo de informação falsa, da mais simples à mais descabida induz as pessoas ao erro. (Agatha)

Fake news

During the workshop I learnt how to discover fake news in a website, for example a website has always grammatical errors in its posts, strange elements and usual photos. Another example is when an article is written by an anonymous.

Now I know how to find fake news and I think that today this topic is very important because on the internet we can find all we want. So it is important to use our brain when we are searching for information on the internet but also anywhere. (Michele Bresciani)

The fake news is wrong and can be dangerous for those who read that since it can convey wrong information. (Alice Ragnoli)
