

Dear everyone,

Since this project is coming to an end for this year, I would really like to tell you that I enjoyed it the most. Every meeting we did, every task we had to complete was as funny as interesting in the same time. Additionally, the Erasmus trip to Czech Republic during January was one of the most amazing experience I ever had. The most important “lesson” for me during the whole project was the friendships we made with students from other countries. So, the tip I want to give you is to take every chance you get and never give up!
