

## **What has Erasmus done for me?**

What has Erasmus done for me? Easy, thanks to Erasmus I have partly achieved my objective, I had the chance to get in touch with a lot of beautiful people becoming more and more outgoing and less shy. At the beginning we met once or twice a month to do some activities at school. I had the possibility to know other guys from my school which I found out being quite nice. As time went by I was every day more excited thinking about the trip to Madeira Island which me and my friends were planned to go. So on the 8 of May, we were on our way to Funchal, Madeira's capital. There I had the chance to be hosted by such a nice boy and his lovely parents, who welcomed me like I was a member of their family. I also met a lot of new people from different countries and I have been in contact with all their cultures learning a little bit of everyone. Now that I am back in Bologna I can't help but thinking, with plenty of longing, to all those joyful days during which we have done lots of amusing activities and we discovered some breathtaking places. In conclusion, this has been one of the best experiences of my life and I can't wait to be again under the wonderful sun of Madeira surrounded by all the new friends I met.
