

GREECE MOBILITY

Co-funded by the
Erasmus+ Programme
of the European Union

Different But Together !

LTT meeting Erasmus+ "Different but together" 2019-1-RO01-KA229-063163
Cultural and Sports Activities in Greece July 3-9, 2022

Participants in this mobility were delegations from all 5 participating countries, i.e., Romania, Turkey, Italy, Greece, and the Czech Republic. The program prepared by the Greek school was full of cultural and sports activities in the city of Kavala, the surrounding area and on the island of Thassos. During the week, the participants got to know the school and its educational system.

The program started by welcoming all delegations at the local town hall mayor. Here we had the opportunity to learn about the history of the area and the local government. At the same time, we presented the Erasmus+ program and our project.

The Greek school prepared for the participants an exhibition of drawings and paintings painted by students and teachers of the school. The subject was the monuments of the city of Kavala

Part of the program was a tour of the historic centre of Kavala, the aqueduct, and the fortress, as well as an introduction to a local businessman - the owner of a bakery, who after many years as a bank manager started his own bakery products. His business is very popular, i.e., successful

In the following days, we visited several local churches, two archaeological sites - one on the island of Thassos and the other the ruins of the ancient city of Phillippi, where we had the opportunity to get acquainted with ancient monuments, including a well-preserved Greek theatre, mosaic floors, palace ruins, the remains of a road that led from Istanbul to Europe. One of the interesting points of the program was a tour of the women's monastery, where the nuns prepared a small treat for the participants.

Afternoon programs were devoted to sports activities on local beaches and swimming in the sea. During all the above-mentioned activities, mobility participants were supposed to get to know each other and deepen their communication skills in the English language. Getting to know Greek traditions, music and food was an equally important part of the program.

This mobility was the last activity of our project. We are glad that we had the opportunity to become a part of this partnership and to work with teachers and students from other countries. Despite the difficulties associated with the restrictions due to the disease COVID 19, it was possible to fulfil all the activities and goals of the project
thank you for everything!!
