<p>TITLE</p>	<p>Cluedo</p>
<p>BRIEF GAME DESCRIPTION / GAME TYPE/GOAL</p>	<p>Cluedo is a popular board game originally produced by Parker Brothers. It has been a family favourite for generations. The object of the game is to solve a murder. Who did it? With what weapon? In which room? As you make suggestions about the murder suspect, weapon, and location, you will eliminate possibilities and get closer to the truth.</p>
<p>PLAYERS (number, age)</p>	<p>2-6 players +8</p>
<p>CONTENT (What do you need to play?)</p>	<p>Cluedo game board, one dice, a pad of detective notebook sheets, a secret envelope, six suspect tokens, six murder weapons and 21 cards.</p>
<p>RULES (explain the different steps)</p>	<p>Players can move only horizontally or vertically, never diagonally. Players can't enter a space or doorway they have already entered on the same turn.</p>
<p>WHEN DOES A GAME END?</p>	<p>If your accusation is completely correct and the three cards you name are in the envelope of the closed case, you solve the case and win Cluedo's game. You must show the three cards to the other players for them to see.</p>
<p>ASSESSMENT (What did you like? / What didn't you like? Why?)</p>	<p>We like this game because it's from the "logic" category.</p>
