

GAME REVIEW

<p>Describe your game briefly. What sort of game is it? What is the goal?</p>	<p>The game is named Wazabi. It is a reflexion and chance game with strategies and alliances. The goal is to get rid of all our dice.</p>
<p>Players (number, age)</p>	<p>The players must be at least 8 years old and the number of players goes from 2 to 6.</p>
<p>Content (what do you need to play?)</p>	<p>We need 36 cards and 24 dice to play.</p>
<p>Rules (explain the different steps)</p>	<ul style="list-style-type: none"> -All the players receive 4 cards and 3 dice. The remaining cards form the stack in the center of the table. -To determinate who begins the game, every player throws his dice and the one who gets the most wasabi figures starts. -Every card has its own power and effect in order to give our dice to the other players or throw them away. -We can put down only 1 card per tour but we don't have to play a card on every tour. -To play a card, we need to have as much wazabi figures as required.
<p>How does the game end?</p>	<p>The first player who gets rid of all his dice wins the game, and we can continue till it remains only one loser.</p>
<p>Assessment (What did you like? What didn't you like? Why?)</p>	<p>We liked a game a lot because it's a friendly and strategic game. It's addictive and we had a lot of fun playing it, especially with our alliances. We think everyone can play this game and have fun, children and adults!</p> <div style="text-align: center;">  </div>
