

# GAME REVIEW: "GUESS WHO?"

B A N A N A   T E A M

## GAMEPLAY:

Each player starts the game with a board that includes cartoon image of 24 people and their first name with all the images standing up. Each player selects a card of their choice from a separate pile of cards containing the same 24 images.

The **object** of the game is to be the first to determine which card one's opponent has selected. Players alternate asking various yes or no questions to eliminate candidates, such as "*Does your person wear glasses?*"

The player will then eliminate candidates (based on the opponent's response) by flipping those images down until only one is left. Well-crafted questions allow players to eliminate one or more possible cards.
