

Erasmus+ kahoots about Greece heritage

Topics and number of students

- Language heritage* 3 students
- Greek sports* 3 students
- *Greek traditional games* 3 students
- Dances* 3 students
- Musical Instruments* 3 students
- Natural heritage* 3 students
- *Historical heritage* 3 students

Total 21 students

Important

- Each member of the group has to participate. Otherwise, the mark will be individual
- It will be 1 point of the total mark.
- There will be a rubric to assess.
- The choice of the topics will be a raffle.
- The students will be told where the material of each topic is.
- We have to remind them that they will have to give the information to the class before playing the kahoot.

Timing

- 4 sessions to prepare it in class
- 2 sessions to show it to the class and play the kahoot.

Total 7 topics .3 topics each session

15 minutes each group.

There will be the possibility of a third sesión.

When

second term

Procedure

- Each student has to look at all the material related to the topic in the eTwinning platform.
 - Not only do they have to listen to the videos, they also have to look at the PowerPoints.
 - They need to bring their own music earphones.
 - They will be told where the material is.
 - Then they have to decide 10 questions and each question four options.
 - They also have to include pictures but taken from the material of the project (taken from the Internet is not valid).
 - They can also add a video and questions on it
 - Before playing the kahoots. If they haven't inserted the video, they have to show it to the class so that they could find the information or /and read it to the class . They can use PowerPoints if they consider necessary or to ease
- The idea is that students could answer the kahoot.**
- Prepare the kahoots and they have to organise it to make the rest of the class participate.
 - The class has to choose a kahoot out of the different ones presented by students.
