<p>1. We need to wake up We need to wise up We need to open our eyes And do it now now now We need to build a better future And we need to start right now</p>	<p>2. We're on a planet That has a problem We've got to solve it, get involved And do it now now now We need to build a better future And we need to start right now</p>	<p>3. Make it greener Make it cleaner Make it last, make it fast and do it now now now We need to build a better future And we need to start right now</p>	<p>4. No point in waiting Or hesitating We must get wise, take no more lies And do it now now now We need to build a better future And we need to start right now</p>
