

Brainstorm take action

Ideas from the students for the different schools to greenifi the schools.

Slovakia: CSS

- Measure air pollution
- Water cleaning action: collect waste out of the river with the students

Germany: OSW

- Food waste: collect food scraps from the school and give it to a pigfarm
- New laptops: one for every students so there is less paper needed
- Workshop about trash: the older students give this workshop to the younger

Greece: EEEEEK

- Replanting fireresisting trees (we don't know the species yet)
- Waste: workshop about recyclable waste to learn what is recyclable and what not.+ making an affiche which explains it.

Catalonia and Sweden

- Recycle batteries
- Plant trees
- Make birdhouses
- Installing drink fountain
- Using reusable bottles
- Making Insect hotels
- Installing solar panels
- Installing different trash cans
- Bike to school
- Install a small vegetable garden
