Safer internet day 2020

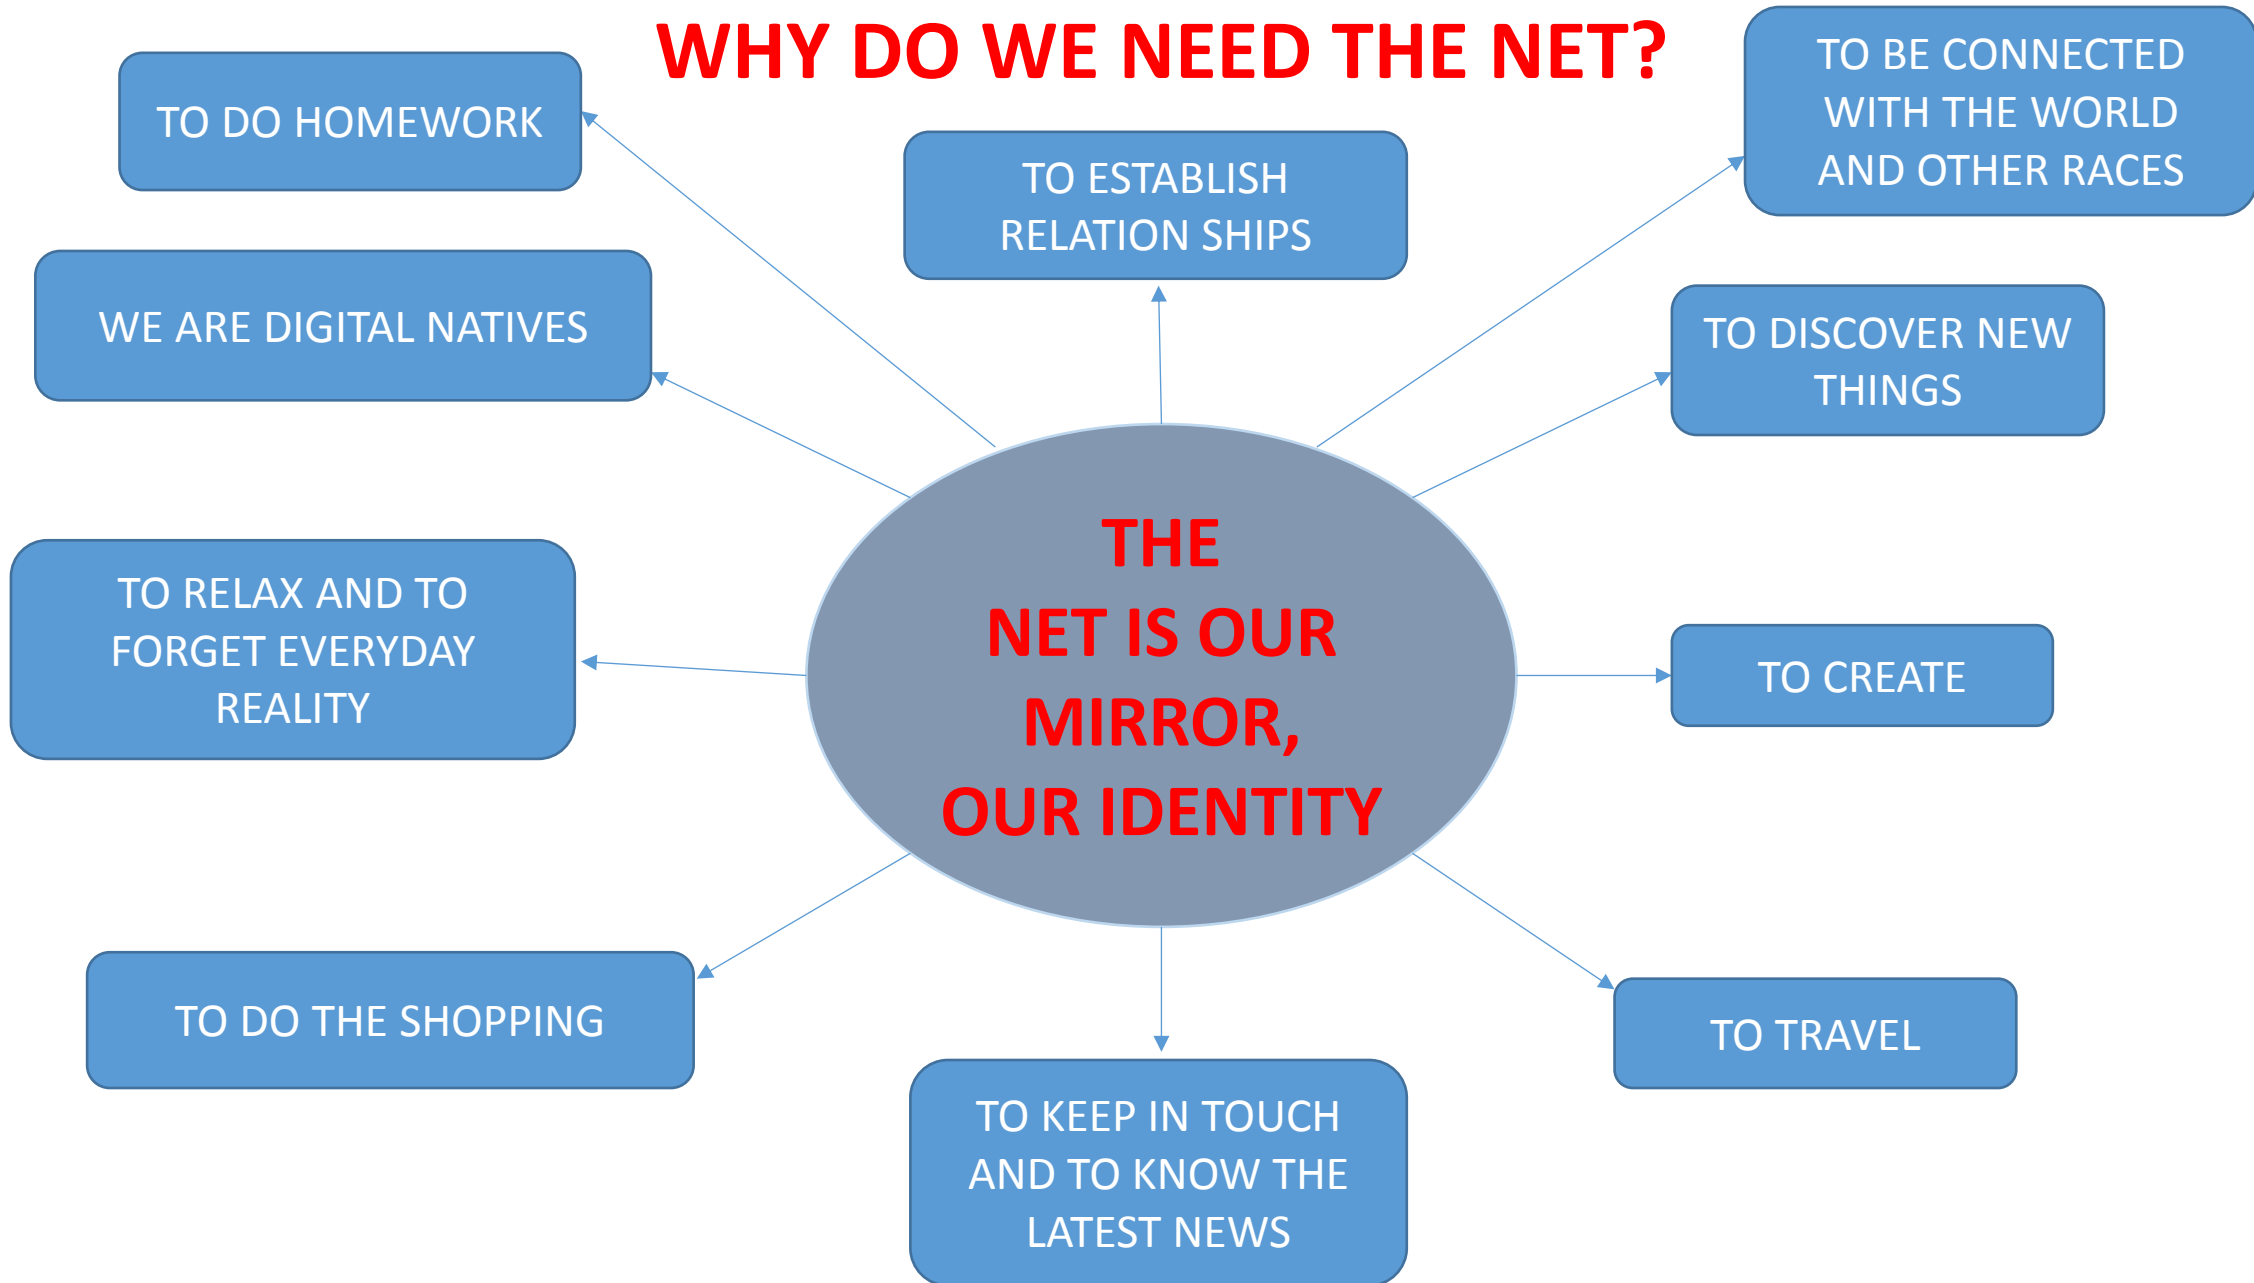

« Together for a better internet »

Nine days ago, February 11st 2020 it was the celebration of the Safer Internet Day. Its purpose/goal is to become a conscious internet explorer and to know the rules for a safe internet behaviour.

Digital technologies give us great opportunities to learn, to play, to chat, to exchange information and to create.

But the Net offers several risks concerning our privacy, cyberbullying, disinformation, harmful/dangerous contents, predatory actions, stalking.

WHY DO WE NEED THE NET?

INTERNET RULES

15 internet rules

Do not chat with strangers

Upgrade regularly your anti-spyware software with a good firewall

Make up a difficult passwords

Do not lend your profile to other people

Protect your privacy using passwords

Do not download apps, songs, movies from illegal sites

Live you real lfe. Don't be prisoner of the virtual one!

Do not post videos, photos of other people without permission

Do not practise cyberbullying acts

Shop online on secure sites

Do not share personal information

Make sure your internet connection is secure

Block stalkers and child/teens molesters, ask for the help of an adult, and report to the police

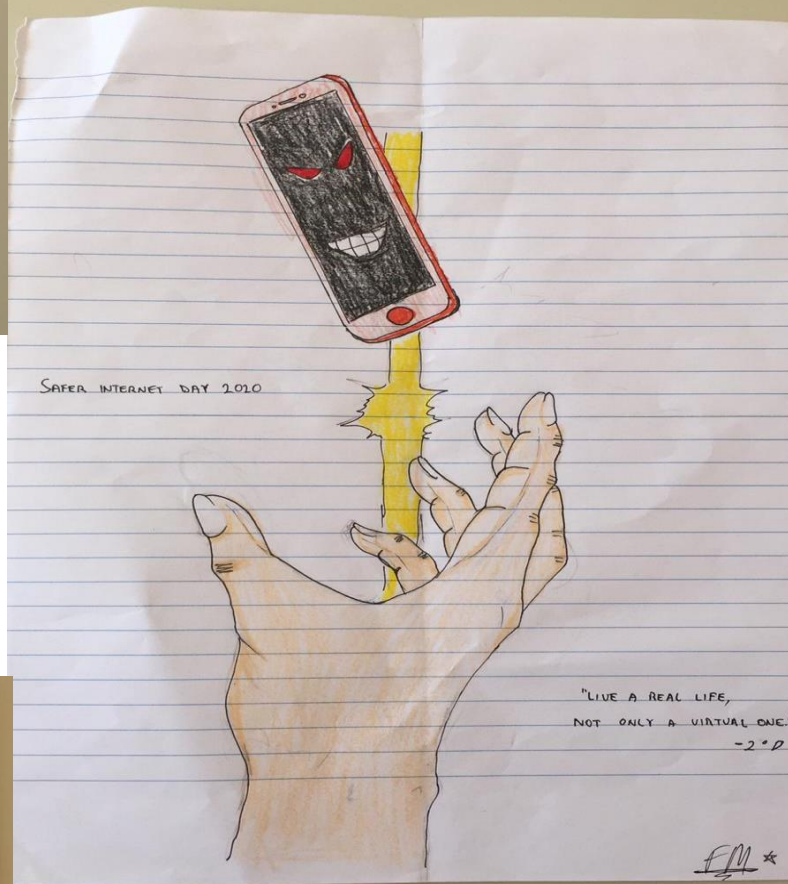

Be careful to help's requests, fake news, promotions, data requests

Do not commit illegal action in favour of other peple who threaten you!
