

Isola 22/10/2021

Dear Erasmus students,

My name is Žiga. I am in 8th class of the elementary school Dante Alighieri. I live in Isola. I don't like school, I like to do sports, take pictures and eat good food.

I usually cycle with my dad or friends, run, watch YouTube videos where people do creative things. I have a dog, it is four years old. Most of all, I prefer rowing in the club Argo Isola. I go to the rowing training five times a week. I took part in competitions in Morilov two times, in Bled three times, one time in Fabreb, one time in Ljubljana and in Villach.

I like this sport because it is nice to be on the water with your boat and do what you like and it is easy to keep fit.

Do you like sports too?

Write me soon!
