October 4th, 2018

Dear Sir,

I am pleased to invite you to participate in a project meeting in Boulogne Billancourt, from April 2nd to April 9th, 2019, with your students and your staff. This meeting will be held at our school and will include a collaborative workshop for students from both our schools.

The purpose of the meeting is to finalize and test the skills and knowledge learnt by our students through distance collaborative work which started in October, 2018 on the Etwinning platform. As set in the "discovering mechanics: Louis Renault" schedule, this stay will include visits of the sites that students have learnt about and a science workshop that will lead them to apply the scientific mechanics theory they will learn throughout this project.

Both students and teachers will stay with host families, their room and board expenses will be taken care of. A draft agenda of visits and activities is available for your review on the twinspace of this project.

Yours Sincerely,
Christine Chanteux
Headmaster
