Life

On 3rd March 2019 we started our journey to Freistadt in Austria. After eight hours train ride, we arrived at our hotel.

This has been our hotel in Freistadt.

The next morning the alarm rang in our room at 6:00. Our breakfast started at 7:30, where we got our first impression of the other students and teachers. Shortly thereafter, we all went to the Austrian school and explored it.

These are all students and teachers who were in Austria.

Then we went by bus to the Blueprint Museum. There we were allowed to print cloths with a blue print, with various objects we have mastered this very well. It was also allowed to print towels with a stamp. We dipped these two cloths twice in blue.

Then we went back to the hotel by bus and walked to McDonald's and ate there. After an exciting and informative day, this one passes by.

And these are two pictures we made on Sunday when we arrived.

And that was our first day in
Freístadt that came to an end.

DAY 2 IN AUSTRIA

Excursion to Český Krumlov and carnival evening

IN THE MORNING.

Our day started with a wonderful breakfast in our hotel. After the balanced breakfast we had time to pack our bags. With our bags and lots of excitement we go with the whole group to the Austrian school where the other Erasmus+ participants were waiting for us.

The whole Erasmus+ Group!

AND NOW THE ADVENTURE STARTED....

When we arrived at school, a big tourist bus was waiting for us. He drove us from freestadt to cesky krumlov for an hour. There we visited a great castle park.. The castle. looked so stunning. We walked all over the park and we saw fantastic things.

Lunch Time! ...and time to stroll

After a long visit through cesky krumlov's beautiful places, the weather no longer played along. So we looked for a nice restaurant and ate lunch there.

After lunch we had time to visit the beautiful old town of Cesky Krumlov. We saw a lot of small shops and it was full of tourists

After a long but beautiful day in Cesky Krumlov, we all met together again at the big tourist bus and started the journey home. Because in Freistadt another surprise was waiting for us

THE CARNIVAL EVENING

When we arrived at our hotel, we quickly changed and painted our faces, because in the school, the Austrian children prepared a carnival party with karaoke and pizza for us.

The party was so beautiful and funny. The pizza was awesome and the karaoke was the highlight of the evening.

**MANY THANKS TO ALL
