

GOAL 11: SUSTAINABLE CITIES

GOAL :

- Make cities inclusive, safe, resilient and sustainable
- Reduce the portion of urban population living in slums

HOW THE GOAL HAS TO BE ACHIEVED:

- Developing individual national strategies
- Providing access to safe, affordable and sustainable Transport
- Creating sustainable human settlements accessible to everyone
- protect cultural and natural heritage

PROGRESS:

In 2021 already 156 countries have developed national urban policies and strategies, almost half of which have been realised.

CURRENT SITUATION

Proportion of urban population living in slums
