

Students

High School "Miron Costin"

I am a 16 years old. I like playing handball, I like math, physical and music. I am a competitive, friendly, sociable and responsible person. In my spare time I like to read and listen to music. Hope we'll get along and make some great memories!

Silvia Antăluțe

Andrei-Petru Anton

I'm funny, curious and so on. I like to smile, kid around and joke about everything. Most of the time I spend playing computer games and going to the gym, as it is my priority. I like maths, physics and chemistry. I love to practice sports, especially football. I hate to take pictures, so I don't have to many photo to send you of me. You'll just have to see me there!

Emilia-Felicia Coșniță

I am professor of computer science at the Theoretical High School "Miron Costin". I like to work with students, participate in ecological activities, do many activities outside. I am the coordinator of the etwinning project and I participated in many mobilities abroad with students.

Teachers

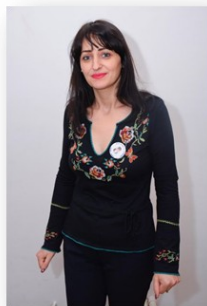

High School "Miron Costin"

As you've probably seen from the title, my name is Simona - Elena (name of Greek origin which means "ray of sunshine"), followed by Baciu, word that comes from the Dacian lexicon. I was born in the month of February, in the country side and, as a "result" I love spending time in nature and walking barefoot. I have an experience of 11 years of being a vegetarian and one of 19 years of being a professor of Romanian Language and Literature at our high school. Hope we'll get to share great times together soon!

Simona-Elena Baciu

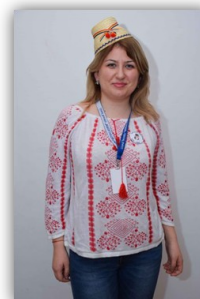

Emilia-Maria Albu

I'm teacher of Romanian Language and Literature at the "Miron Costin" high school of Pascani.

Alice - Elena Loghin

I work as a French teacher at the "Miron Costin" High School from Pașcani and I am the leader of several pupils in a personal development program called "The Duke of Edinburgh's AWARD". Within this program I participate and organize together with my students a lot of volunteering activities. I love fighting for the protection of the environment by taking part of many recycling campaigns. I am most honored and enthusiastic being a member of this project team.

Students

High School "Miron Costin"

**Lavinia-Elena
Buleu**

I like to read, to listen music, to watch movies, to recycle, mountain trips and ecological activities. I also like to admire nature and love outdoor activities with my friends. I am a sociable person and I am delighted to participate in this project.

Bianca Ciurlică

I have been studying at the "Miron Costin" Theoretical High School since first grade. I am 17 years old. I like to eat (a lot) and sleep (as this is my favourite activity). I also love traveling, singing, acting, practicing winter sports and learning about medical stuff. I'm in love with light colors, but not red, orange or pink. I love this type of experience, to meet new people and to cooperate with them so I can't wait to see you!!!

Artur Cravenco

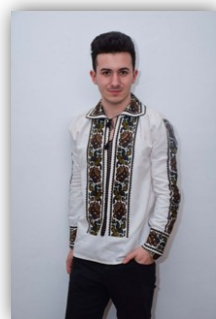

I am the type of person who loves to get involved in school activities and I love many sports. The most beloved sports are: basketball, volleyball, American football and rugby. I'm a friendly boy, I'm not a person who looks at the financial condition of a friend (or classmate). I am always available to help people.

Vasile Ghiorghiu

I like reading, doing volunteer work, riding my bike and I love trips, especially those that involve going to the mountain. I also am very excited to participate in this project.

Ștefan Irina

I'm a sociable, open-minded and kind person. During the free time I have, I like to travel and take photos of anything and anyone. I love sports and my favourite subject is chemistry, which, as expected, surprises mostly everyone. Meet ya' there!

George-Ilie Jitaru

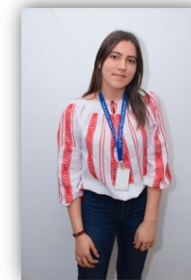

I like to watch movies with friends, to listen music, science and I'm very excited about this eTwinning project and ecological activities. I am also happy to make new friends, see new places and make cultural exchanges.

I have been studying at Theoretical High School "Miron Costin" since I was little. I am 16 years old, I am passionate about theology, music and the exact sciences. I love the nature, sitting and relaxing in the middle of it, and that's why I'm taking part in activities to protect it. It's the first time I cross the border and I'm sure it will be a beautiful experience.

**Miriam-Georgiana
Hobincă**

I like art, to do sport in outdoors, to dance, to make handmade items and things from recyclable materials, to be volunteer and to help and care for people. This is my first experience of this type and I'm glad to participate in this project.

**Ramona-Elena
Mocanu**

Maria Lipovanu

I like to travel, listen to music and spend time with my friends. I am 17 years old and I consider myself a communicative, friendly and funny person. I am delighted by this project that I had the opportunity to participate in. See you soon!

I'm a big fan of nature and all its wonders (this includes the occasional hike or bike trip), I spend quite a bit of time on the Internet exploring and, again, all its wonders and one of my favourite things is telling jokes nobody wants to hear. You will have the exquisite opportunity of hearing one of them as I, of course, am part of this amazing project.

Ruxandra Popovici

**Elena-Olivia
Ungureanu**

I like music, movies and I love to read and hike with family and friends in nature. I am 18 years old and I am a person who likes to be surrounded by positive and lively people. I am delighted to be part of this project and I hope this experience will give me beautiful memories. See you soon!
