

Five ways to use a CD!

Agia Marina Elementary School

as we usually see it

1. To listen to music

as an element of social interaction

2. To play sports!

as we would have never seen it

3. To serve tea to your friends!

as the object of an advertisement campaign

4. To create a Christmas tree!

as a hero of a children's fairy tale

5. As the hat of a robot made with recycled materials!

Who says CDs are made for just one purpose?

**Certainly not us here at Agia Marina
Elementary School!**
