An e-concert before Christmas

December 2019

E-concert before Christmas

Thanks to our Erasmus project and to our eTwinning project, as well, we could keep in touch with our foreign friends. The Italian school and the Spanish one has children of different ages (from kindergarten to 12years old), so we decided to organize a concert to sing together songs from tradition, in Spanish, Italian and English.

The Italian school participated with kindergarten, primary and secondary pupils.

This is a summary of this great experience....

E-concert before Christmas

We decided the classes and the age of the children and of course the music!
