My school is a state subsidised school. I like it for the excursions to foreign countries for example, Belgium. I don't like my school for the small football pitch.

My name is Gonzalo and my school is a state subsidised school. There Are more than 300 students and 20 teachers. My school is located in Vigo in the outskirts. The school has 4 floors and at the top there is a computing class. On the 3RD floor is the secondary school. My class is very funny.
