

Our School

Our school is big and old. The playground has a small football field and a sandbox where the kids play a lot. We have got 13 classrooms, 3 for kindergarden, 6 for Primary and 4 for Secondary.

We also have a technology class, an ICT class and a laboratory where we do a lot of investigation projects.

We have six classes in the morning every day and an afternoon class per week in secondary and a break of thirty minutes per day.

We also have a gym where we do P.E. and next to the gym we have a covered playground used only on rainy days but, we also use this for P.E.
