

MY SCHOOL

My school is fantastic. It's a great space for study. Its name is Alborada and I live near it.

I've got some subjects: Music, English, Spanish, French, ICT... I've got P.E. and Technology, too. I've got 29 classmates.

My school has got a library with a librarian that is my Spanish teacher. The library's got some books and dictionaries.

We go to school five days a week. We've got Music on Tuesdays afternoon.

The other days, we only go to school in the morning.
